

2026 City of Erie Comprehensive Housing Strategy

Housing Needs Assessment Workshop

Please join us for a study session on affordable housing, fair housing, and community development for the purpose of drafting the City of Erie's 2026 Housing Needs Assessment and creating a comprehensive housing strategy. Our consultants, M & L, will provide a brief presentation and then welcome input from City Council on housing and resource needs for all income ranges, obstacles/regulatory barriers to housing development, housing gaps in Erie, and opportunities for the development of quality affordable, workforce, market-rate, and permanent supportive housing.
